

A Rising Tide Lifts All Boats

Susan Baillargeon

Front Range Community College

Highway Maintenance Management Associate's Degree

37th Annual North Central Local Roads Conference

Rapid City, SD - October 18-20, 2022

A photograph of a road with a large pothole and three orange traffic cones. The pothole is a large, irregular hole in the asphalt, revealing the underlying gravel and dirt. Three orange traffic cones with white reflective stripes are placed around the pothole to warn drivers. The road is paved with asphalt and has yellow double lines. In the background, there is a snowbank and some trees. The text is overlaid on the pothole area.

A Rising Tide Lifts All Boats

APWA

**Rapid City
South Dakota
October 20, 2022**

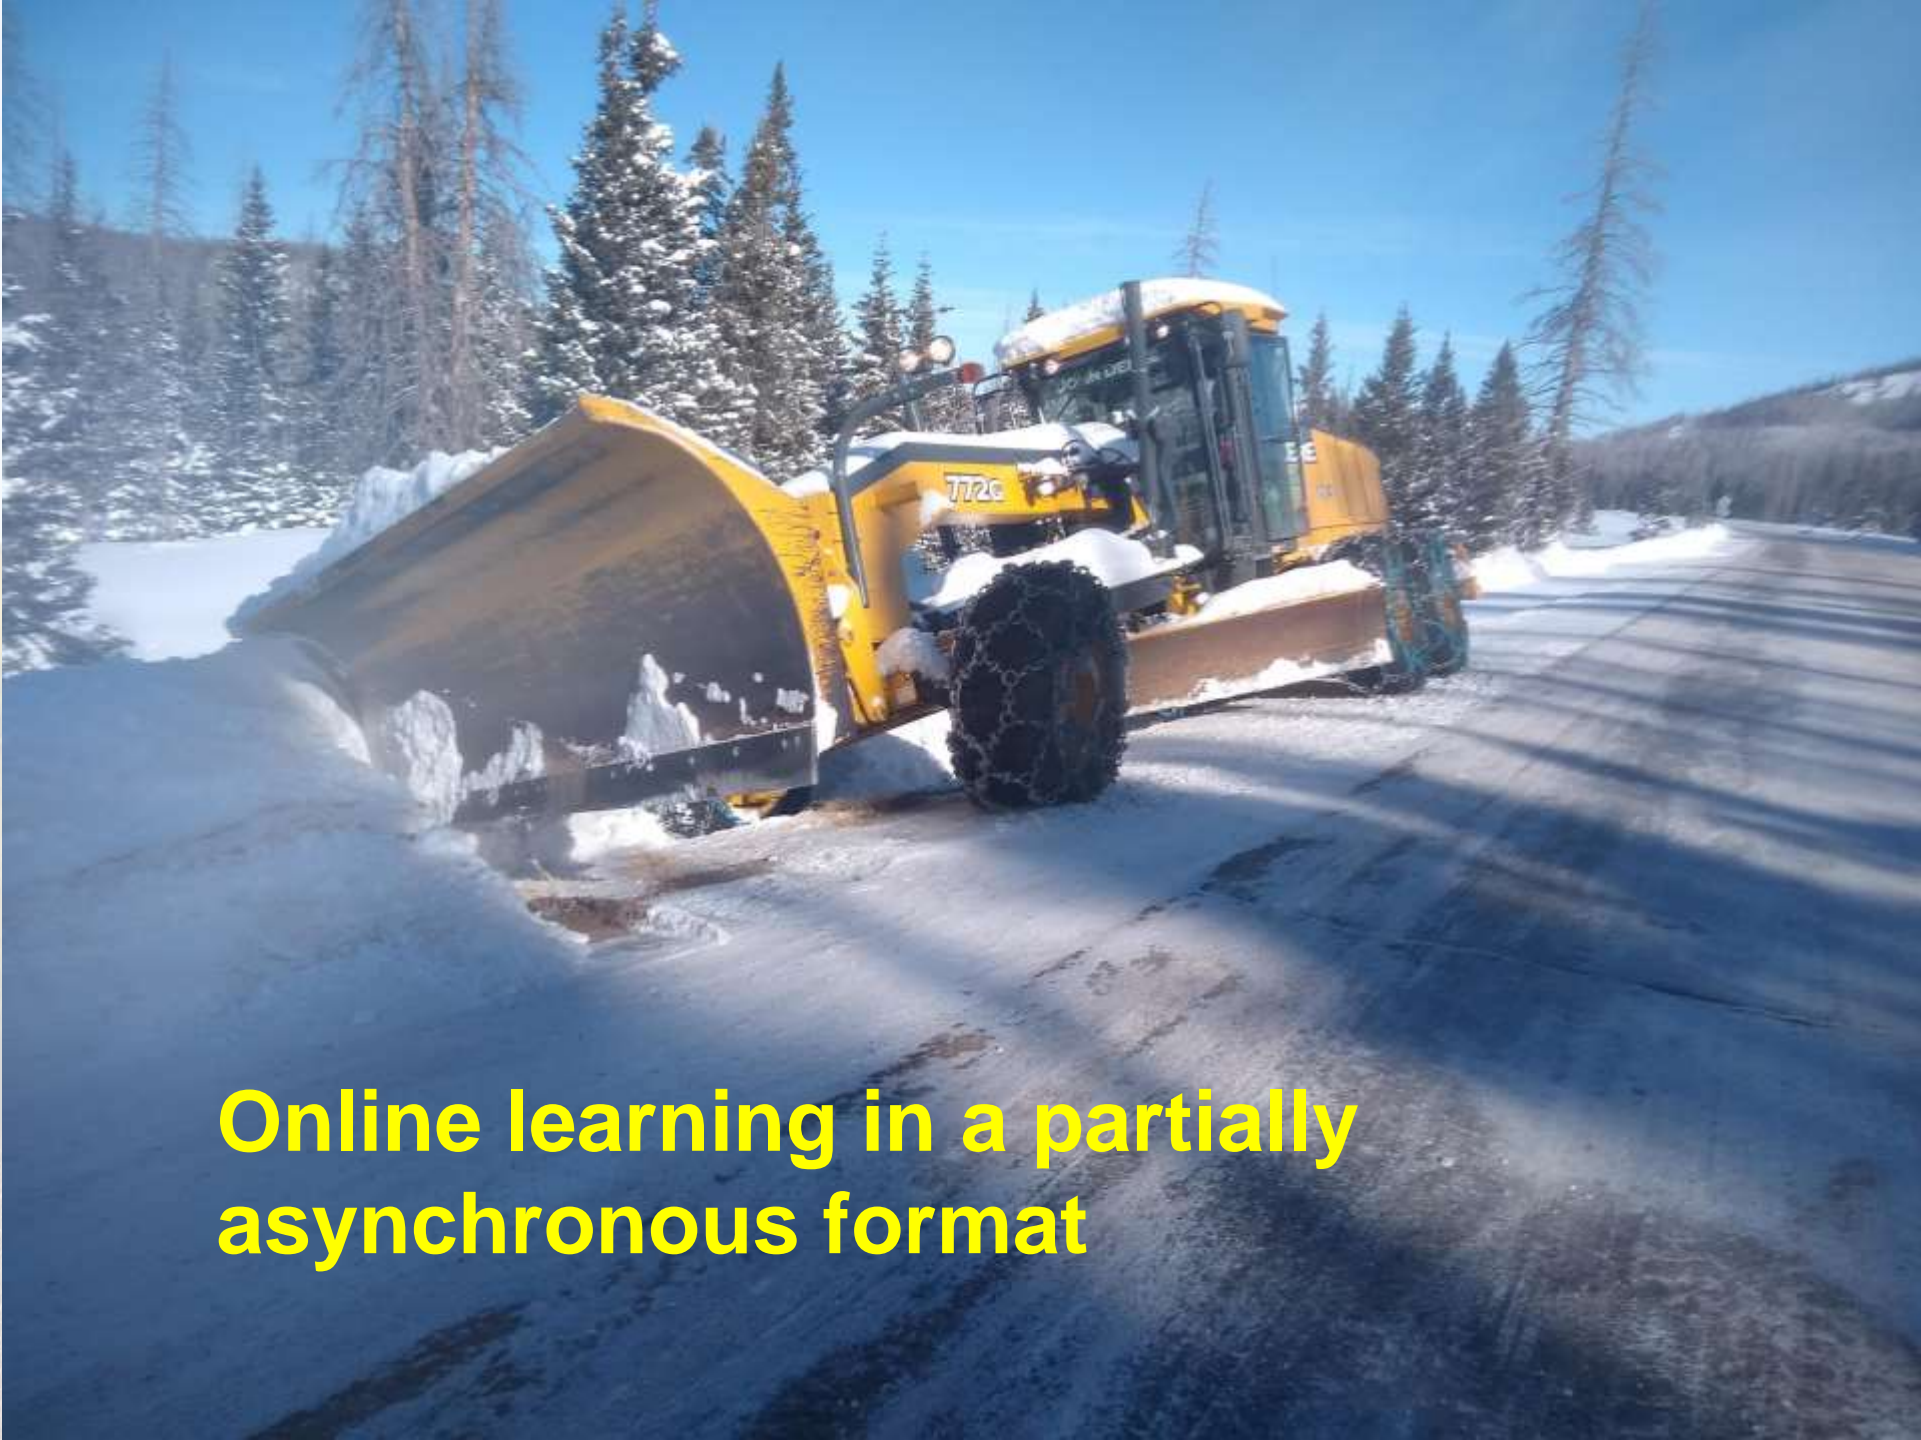

**Prior Learning
Assessments
HWY Classes
and
Electives**

5 general education classes = 15 credits
6 management classes = 18 credits
7 HWY classes = 15 credits
2-4 electives = 12 credits

How is it all woven together?

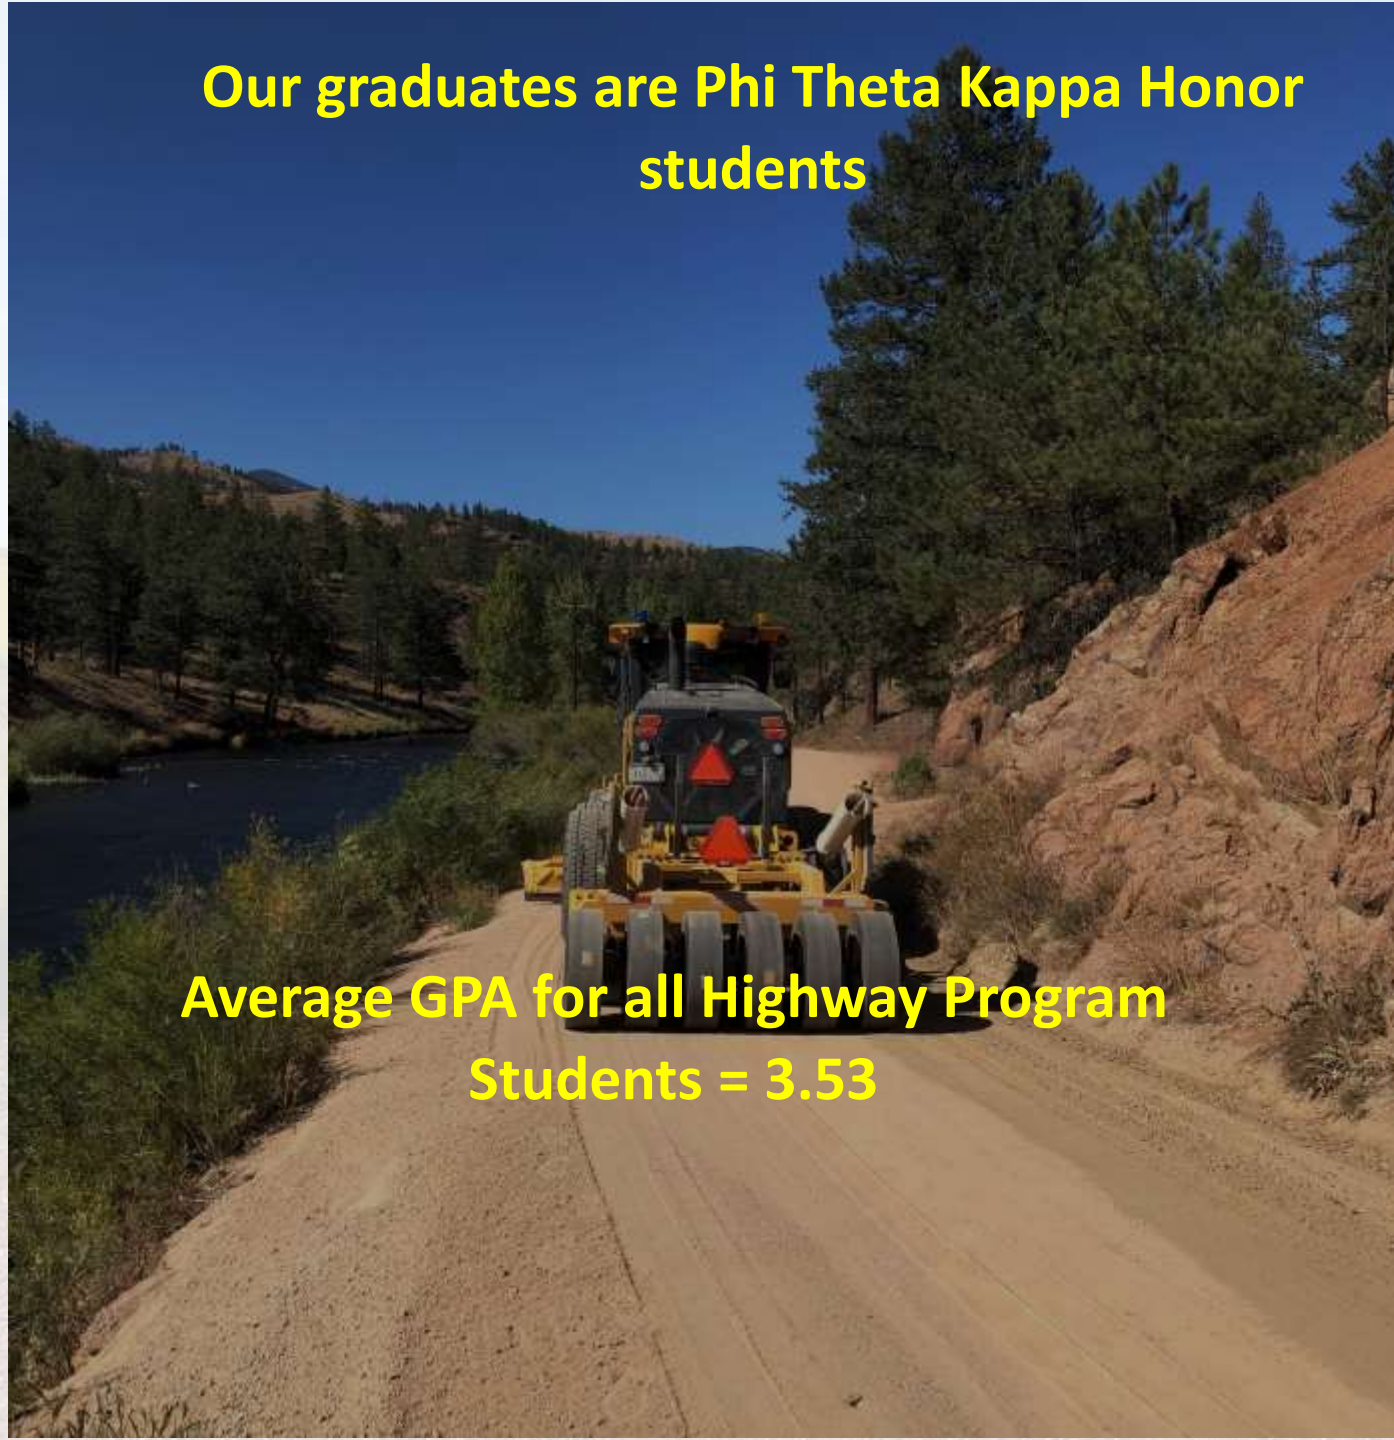

Online learning in a partially asynchronous format

**Our graduates are Phi Theta Kappa Honor
students**

**Average GPA for all Highway Program
Students = 3.53**

**The students represent 11 state
Departments of Transportation, 17
Public Works agencies, and 4 private
contractors, in 14 different states.**
