2009 YOU SHOW US CONTEST

North Dakota LTAP is pleased to announce the 2009 "You Show Us" contest! For those of you who are not familiar with the "You Show Us" contest, this is the contest's 15th year. The concept began in 1994 with the FHWA "Show Us How" contest.

We are aware that in many instances there are not enough transportation dollars available to maintain our transportation systems to the desired level of service. This is particularly true when it comes to local government transportation programs. The costs for repairs and improvements are increasing while the available finances, at least the real value, are decreasing.

Solving these problems requires efficient use of existing funds and materials, along with the application of cost-reducing and innovative techniques. Today's problems are not easily solved with yesterday's solutions!

WE WANT TO KNOW WHAT CREATIVE THINGS YOU'RE DOING

What is the best idea/invention you have implemented in your agency within the last few years? In prior contests, entries have been related to cost-saving safety and operational efficiency improvements.

This is your opportunity to showcase a successful idea. If you are proud of your accomplishment, share the information with your counterparts across North Dakota, the nation, and even the world!

PLEASE ALLOW ENOUGH TIME FOR ENTRY TO ARRIVE BY AUGUST 30 IF MAILED.
