Re: 2020 Annual ND Asphalt Conference (Sponsorship)

This year’s conference theme is “Learn · Evolve · Implement · Succeed”. Please join us on April 7th and 8th in Bismarck!

The North Dakota Department of Transportation (NDDOT), Dakota Asphalt Pavement Association (DAPA), Associated General Contractors of North Dakota (AGC) and the North Dakota Local Technical Assistance Program (NDLTAP) – UGPTI/NDSU are hosting the ND Asphalt Conference.

As budgets decline, these initiatives will help us meet the challenges of improving the state’s road systems while initiating maintenance plans that preserve the recent dramatic investment in that North Dakota’s infrastructure. Pavement performance curves are a tool to help us select innovative projects with the best return on investment (ROI).

This conference will provide a unique opportunity for contractors, consulting engineers and state, county and local governments to share their experiences, network and keep abreast of changing and new technology in the asphalt construction industry.

Your contribution will help defray the cost of the conference, allowing more individuals to attend. At the same time, a contribution will give you an opportunity to show your support for the asphalt industry. We will have signage of your sponsorship at the conference on a large banner, a slide show presentation, and will also be highlighted in the conference program. For future conference information, please visit www.ndltap.org you will see a link on the website for the ND Asphalt Conference 2020 which will give you the opportunity to pay by credit card, pay with a check or have your company invoiced.

We will waive registration fees according to Sponsorship Level see attached form.

In advance, thank you for considering this request. If you would like to show your support for the industry and are interested in being a sponsor, please complete the attached form (or complete on-line) and return it by March 31, 2020:
