

McKenzie County, ND

Dealing with shortages of quality aggregate.

MCKENZIE COUNTY

NO STOPPING
OR PARKING
EXCEPT TO
UNLOAD
15

Conclusions

- The material is better than local sources.
- Would achieve better life and performance with increased fines.
- Location of source a negative.
- Overall cost prohibitive with scale of project.
- Has merit if logistics and cost allow.
- Millions of tons of aggregate needed in the coming years for roads in McKenzie County.
