

## NDLTAP/UGPTI

FHWA would like to invite you to two exciting interactive learning events occurring in Bismarck regarding roundabout highway intersections.

### Rural Roundabouts Peer Exchange Webinar

- **Wednesday, December 7, 2011 - 1:30-4:30 PM**
  - NDDOT Bismarck District Conference Room (Airport Road) - register with Dawn Schneider ([dawschneider@nd.gov](mailto:dawschneider@nd.gov))
  - FHWA North Dakota Division Office Conference Room (Interstate Loop) - no registration necessary
- This interactive webinar will feature the rural roundabout expertise of the Wisconsin DOT, Washington State DOT, Iowa DOT and Kansas DOT as well as provide a forum for State DOT and FHWA Division Office staff to exchange ideas and ask questions to their State DOT peers in the area of rural roundabouts (and roundabout implementation in general).

Roundabout Example from Wikipedia

### \*\*Highway Roundabout Technical Workshop\*\*

- **Tuesday, December 20, 2011 - 8:00AM-5:00PM**
  - Comfort Inn, Bismarck
- Registration:
  - NDDOT employees - Enterprise Learning Management (ELM)
  - All others - notify Priscilla Deschene with NDDOT [atpdeschen@nd.gov](mailto:atpdeschen@nd.gov)
  - Max capacity: 35 students
- This workshop will be a condensed, one-day class addressing the critical issues in the project development process of new roundabouts. It will be designed to highlight the necessary considerations for the highway and traffic features typical in North Dakota. Roundabout advocates from across the nation will present **their** experiences and share their expertise, face-to-face.

You have been contacted because your participation is critical to the success of these events! As North Dakota is on the cusp of considering roundabouts throughout the state, these workshops will be invaluable to increase the quality of initial implementation and ensure continued future success. The face-to-face workshop is meant to build on the concepts of the initial Peer Exchange Webinar. Please pass along this information to any parties who may benefit from these sessions - registration is first come, first serve.

If you have any questions or further interest do not hesitate to contact me.

Thank you very much!

Nick Renna  
Safety/Traffic Ops/ITS Engineer
