North Dakota State University does not discriminate on the basis of age, color, disability, gender identity, marital status, national origin, public assistance status, sex, sexual orientation, status as a U.S. veteran, race or religion. Direct inquiries to the Vice President for Equity, Diversity and Global Outreach, 205 Old Main, (701)231-7708.

Note: Please bring your safety vest as we will be observing a demo on the road.

Topics Covered:

- Road Design from construction to reshaping including shape and drainage, aggregate considerations and alternatives
- Road Maintenance from grading to material replacement
- Road Stabilization, the process involved, the products required and the benefits you can expect
- Program Efficiency Understand more about cost vs. savings, air quality and safety, and potential sources of funding
- Field Training - You will also get out of the classroom and out into the field for a more hands-on approach.

Instructor:

Ken Skorseth

Director, Local Transportation Assistance Program (LTAP) - South Dakota.

Gravel Roads: Drainage, Maintenance, and Design Webinar (free) - Rescheduled

Wednesday, May 29, 1 - 2 p.m. CDT

There is no cost to participate in the webinar, and closed captioning will be provided. No registration is required to watch the webcast online. This training can be viewed from your computer.

This webinar is presented by the **Minnesota LRRB** and the **Minnesota Local Technical Assistance Program (LTAP)** at the **Center for Transportation Studies, University of Minnesota**. Minnesota LTAP is sponsored by the Minnesota LRRB and the **Federal Highway Administration (FHWA)**.
