Seven counties in North Dakota (Barnes, Billings, Dickey, Divide, Griggs, Ransom, Walsh) are now using the new 'OFFLINE' version of AcquiSIGN to inventory and manage their road signs. Limited or no cellular connection in the field is no longer a problem. A brief presentation about the AcquiSIGN process with a 4 minute video showing how the new 'OFFLINE' feature works will highlight this webinar.

This manual is mainly designed for the benefit of local agency officials, managers, and grader operators who are responsible for designing and maintaining gravel surfaced roads.

The information provided in this manual is as nontechnical as possible without sacrificing clear guidelines and instructions on how to perform the operation well.

This manual was developed with a major emphasis on the maintenance of gravel surfaced roads, including some basic design elements.
