

Curtis Glasoe, PE/PLS - Coming to Your County Soon

Curt Glasoe, PE/PLS, Technical Support Representative will be traveling to the oil and gas producing counties to provide technical assistance for a myriad of transportation related issues ranging from safety to road repair strategies.

Feel free to contact Curt with any questions or concerns:

Motor-Grader Operator Training Conducted

NDLTAP recently conducted Motor-Grader Operator training in Mercer, McLean, Sheridan and Wells Counties. The training consisted of 1 day of classroom training (Hazen) followed by 1 day of field training in each designated county. The training was offered to city and county operators and supervisors. New operators found the training extremely helpful and experienced operators found the training to be a great refresher course and a great means to share their knowledge with fellow operators.

Classroom training:

- Dust-control methods
- Drainage
- Repair of frost heaves
- Use of fabric
- Gravel quality
- Blading techniques
- Safe Operations

- Daily equipment maintenance
- Field training:
- Hands-on training
 - Pre-trip inspections
 - Safe operation
 - Equipment operations
 - Post trip inspection

The course instructor is Corey Uhrich, a heavy equipment operations and maintenance instructor at Central Lakes College in Minnesota.

Butler Cat and RDO Equipment sponsored lunch and refreshment breaks for all training sessions.

Contacts for NDLTAP Motor-Grader Operator Training: Dale Heglund, 328-9857 dale.heglund@ndsu.edu, or Denise Brown, 328-9856 denise.brown.1@ndsu.edu

Upcoming Training

Basic Sign Installation and Maintenance Training

[Registration Information](#)

The Bakken Briefing will be sent to you periodically to address important transportation infrastructure topics. The Bakken Briefing is sponsored by the North Dakota Association of Oil and Gas Producing Counties
