Other activities:

- Leanna Emmer presented the One Hour Truck Weight Education/Calculator training to the Motor Carrier Industry. The objective of the training was to introduce and demonstrate the Truck Weight Calculator App. Outreach has been provided to The Truck Weight Calculator App was promoted as an education tool for the local motor carrier industry in their area. The Truck Weight Calculator App is also a tool that benefits law enforcement and local government officials. **Truck Weight Calculator App**

- Leanna Emmer attended the NDAOGPC Uniform County Permit meeting in Watford City. Leanna is currently drafting a weight enforcement guideline/policy the McKenzie County Sergeant. This information will be shared with the UCP law enforcement group.

Last fall, a Stark County bridge failure created an opportunity for True North Steel to provide a EDC style bridge replacement. One tough hurdle - the cost to provide a guardrail system. This hurdle jump-started the idea to provide a full EDC style bridge system. NDLTAP approached Tensar, KLJ, Stark County and True North Steel to start the discussion on how to get NDDOT TRIP funding to help Stark County get a bridge through a new funding source and at the same time for us to develop a rapid-set and cost effective bridge for our local roads. Al Heiser, Stark County Road Superintendent, loved the idea. A site south of Richardton seemed to be the perfect fit to combine a GRS-IBS, True North EDC steel bridge and a new Nebraska tested rail system into one package. The recent GRS-IBS class in Spearfish provided a good opportunity for some of the project partners to meet and plan a way for an August 15th TRIP submission.
*NEW* NDLTAP TRAINING

NDLTAP has developed in partnership with TrueNorth Steel 2 pilot workshops - Local Roads Corrugated Metal Pipe (CMP).

This training will empower a public agency with the ability to install/replace small culverts with their own assets, which stretches budgets and increases project opportunities. The training will consist of approximately 2 hours classroom instruction and 5 hours of hands-on training in the field.

Workshop dates:
**Sept. 20, 2016** - Morton County Highway Department, 2916 37th St. NW, Mandan, ND
8:00 AM to 3:00 PM (CT)
**Registration deadline Sept.13, 2016**
$50.00 (entities will be invoiced after the training session)

**Sept. 27, 2016** - Lake Region State College, 1801 College Dr., Devils Lake, ND
8:00 AM to 3:00 PM (CT)
**Registration deadline Sept.20, 2016**
$50.00 (entities will be invoiced after the training session)

Class will be limited to 30 participants

Target Audience: County, township and small community personnel.
