

HOT IN-PLACE RECYCLING FREE SHORT COURSE

On-site

2.5 Hours – Road Scholar Credits

August 30, 2018 (Thursday) at the Barnes County Highway Department, 1525 12th St NW, Valley City, ND

10:00 AM – Noon CST – Ron Wilson,
Dustrol & Justin Ramsey NDDOT
Presentations

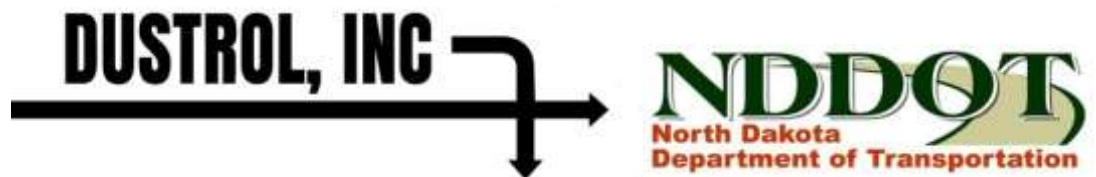

Noon-12:30 PM CST – Lunch (provided)
& Discussion

The presentation by Dustrol will provide a review of HIP technologies, tips to select proper HIP candidates, history and performance of HIP. Justin Ramsey, NDDOT, will review the Transportation Innovation Program (TRIP) and how/why the HIP process was selected for a couple sections of Hwy 56 for the 2019 construction program.

This is a great opportunity to learn from industry leaders, a great opportunity to learn about a new (i.e., for North Dakota) process for roadway improvement, and a great opportunity to review your roadway segments for potential tag-on 2019 project work.

Consulting engineers, NDDOT, contractors, suppliers, counties, academia and others will benefit from the information exchange. Registration is required.

If you have questions about this event contact NDLTAP @ 701-328-9855
