

NDLTAP “Safety Switch” webinar

JULY 13, 2020

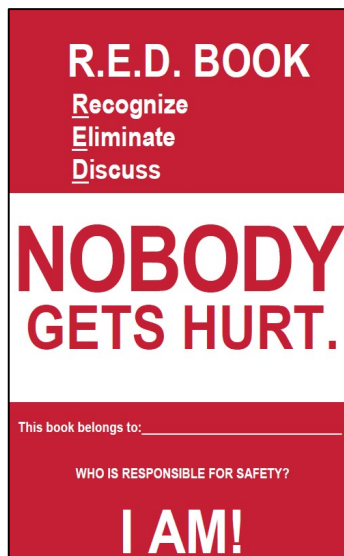

2:00 PM – 3:00 PM CST

Join Microsoft Teams Meeting

If you cannot join by video please call in by phone

Call in: 1-701-409-8507 United States, Fargo (Toll)

Conference ID: 475 722 0#

Presenters and topics:

Denise Brown, NDLTAP Program Manager

Employee safety starts with you! During this webinar, Denise will demonstrate how tailgate safety talks can be used by your agencies to improve employee safety, improve morale, and improve productivity. She will provide some examples and highlight resources you can use to do your own tailgate safety talks.

Kelly Bengtson, Bridge and Road Engineer

Kelly will introduce local agencies to the **R.E.D.** (Recognize, Eliminate and Discuss Safety) Book. The R.E.D. Book program is designed to eliminate unsafe acts by requiring employees to immediately identify and discuss hazards that can hurt them. By recognizing these hazards in advance our employees are less likely to commit unsafe acts.

Target Audience: Local agencies wanting to improve safety awareness of their employees.
