Our Signing 201 class just got better! Starting with the basics of Signing 101, we have expanded the educational material to include:

- Sign ordering
- Sign inventory systems
- Tips from a pro
- Group design layout worksheets
- A virtual sign truck segment

This training is perfect for new county, township, or city sign personnel, and is a great refresher for seasoned sign crew members. Township officers, city staff, county commissioners, road superintendents and others in supervisory roles will also benefit from the information exchange.
