Our Signing 201 class just got better! Starting with the basics of Signing 101, we have expanded the educational material to include:

- Sign ordering
- Sign inventory systems
- Tips from a pro
- Group design layout worksheets
- A virtual sign truck segment

This training is perfect for new county, township, or city sign personnel, and is a great refresher for seasoned sign crew members. Township officers, city staff, county commissioners, road superintendents and others in supervisory roles will also benefit from the information exchange.

**INSTRUCTORS:**

**Chris Rathjen.** Chris has worked at Newman Signs, Inc. for 25 years as an administrative manager. She has a BS degree from Minot

State with a major in accounting and business.

**Dale Heglund.** NDLTAP Program Director. Forty plus years of transportation experience ranging from equipment operator to

design engineer. Career focus has been to promote a quality roadway network by helping others understand roadway engineering principles, the synergies of working cooperatively with others, leadership skills, and new technology implementation processes.

**Kevin Berg** is currently working at Sign Solutions USA he has been in the signing industry since 2002. He works with county, city,

and state DOT's with the sales of traffic control supplies and with installation of sign systems. He has been instrumental in converting South Dakota and North Dakota from U-channel/wood posts to Telespar Square Perforated signpost systems.
