The training covers boom mowers, flex-wing mowers, side-mounted mowers, and nearly any other tractor mowing setup. Tractor Mower Operator Safety classroom course covers topics on:

- Becoming a Responsible Operator
- Managing Hazards and Risk
- Following a Safety Program
- Pre-Operation Safety
- Operations Safety
- Safety During Shutdown
- Safety During Maintenance

Hands-on field portion will take the operators out to the mowers they operate. Participants will do a walk around inspection of the equipment. The classroom material will be reinforced and a driver's course will be set up that will allow each operator to demonstrate safety and proficiency with the equipment.

#### Instructor:

**Kyle Kinstley** is the Operator Safety Training Manager for Alamo Group Inc. headquartered in Seguin, Texas. Kyle is an OSHA Authorized Safety Trainer who designs, develops and markets all of Alamo Group's Operator Safety Training programs including Tractor Mower, Forestry Mulcher and Sweeper Training. He delivers the training to operators across the U.S. and beyond. Kyle is passionate about safety training and ensuring operators are equipped with the knowledge and skills to go home safe every single day.

**Target Audience:** The course is recommended for anyone operating a mower or supervisors who have employees under their direction who operate mowers.
