Mandan, ND

REGISTRATION DEADLINE: June 16, 2025

Registration Fee: \$50 (this includes instructor fees and training materials)

NDLTAP will invoice post event.

Class Limit: 30

The training covers boom mowers, flex-wing mowers, side-mounted mowers, and nearly any other tractor mowing setup.

Tractor Mower Operator Safety classroom course covers topics on:

- Becoming a responsible operator
- Managing hazards and risk
- Following a Safety Program
- Pre-Operation safety/walk around pre-start up inspections
- Best operating practices
- Proper start up and shut down procedures
- Hydraulic fluids safety
- Emphasizing Maintenance Safety

Hands-on field portion will take the operators out to the mowers they operate. Participants will do a walk around inspection of the equipment. The classroom material will be reinforced, and a driver's course will be set up that will allow each operator to demonstrate safety and proficiency with the equipment.

Instructor:

Sally V. Goossen – ND Safety Pro, Inc. Sally Goossen, Safety Training Instructor, Parshall ND. Sally has been a trainer for heavy equipment for training for 20 years. Received hands-on training at the John Deere & Caterpillar training facilities. She provides training across North Dakota.

Target Audience: The course is recommended for all tractor/mower equipment operators, their supervisors and their managers, employees that perform maintenance on the tractor/mowers, safety teams and safety committees.
